TEAM NORTHWIND MEETING NOTES

Date: Friday, October 2, 2026

Present: Alex, Jordan, Sam

Decisions

- Jordan owns the API and the database
- Sam owns the screen mockups and testing
- Alex owns the documentation and the requirements spec
- The team chat stays on Discord

Action items

- Alex: send requirements version 2 to the team by October 8
- Jordan: write the join request endpoint
- Sam: finish the group page mockup

Risks

- Search may be slow when there are many groups
- Jordan will test search with 1000 groups

Open question

- Should the first release include in-app chat?

Next meeting: Thursday, October 8 at 4:30 PM

Place: library study room 3
